

29 June 2021

Dear Delegates, Dear Officers, Dear all!

I would like to inform you that we are to take a holiday break from our Workgroups and the scheduled meetings for the Month of July. We will be still reachable by e-mail or by phone, but we ask your understanding that we might not instantly reacting when approached.

We reached a very positive momentum which I hope we can pick up again from August onwards. During this slow-down period, it is our plan to transfer the databases to the official IFAA Google Accounts as indicated earlier this year and we ask for your support in August to have a seamless continuation with our workgroups. The chairpersons of the workgroups I would like to invite to an Online Workshop in the 2<sup>nd</sup> week of July to develop the goals of the workgroups further and to agree on the next steps. Let me know your availabilities in this week so we can arrange a time and date to reach the maximum of participants.

We will also launch the next step of our Public Relation Development Programme, introducing the Subscription Mechanism for the Newsletter and the restricted Websites for Officials and Coaches. For this, you will receive a further update in July.

Starting from August, we will offer a series of Online Seminars for Delegates and Officers – open also to Junior Officers Programmes of our Member Associations. The content of these Seminars will be covering the roles of Delegates / Team Captains and Representatives towards the IFAA, the administrative guidelines on formal communication with the IFAA, an introduction to the Roberts Rules of Order, Application Processes, etc. Further details will be provided in July.

Upon request, we will kick-off the [World Ranking](#) starting from July 15 onwards, however you may already submit results from the 1<sup>st</sup> of July onwards. We will soon launch a registration platform allowing archers, who are interested, to participate to register. Appointed officers and/or the Delegates of our Member Associations will receive restricted access to check and verify membership of participants and to submit certified scores.

Once the registration system is launched, we will organize an online workshop to familiarize you with the system and there will be a hotline in case of problems.

Then, you will also find in [our blog](#) some FAQs and our response to them which might help you – so please read them first prior to contacting us.

Yours in Archery,

**Martin Koini**  
**President IFAA**
